

Farmers Market is a great way to stretch Food Stamp dollars. The fresh fruits, vegetables and meats are great!

-Potsdam Farmers Market customer

"At the farmers market we are given a poster saying 'swipe your card and you'll get twice as much!' Swipe 10 get 20 - that's a great deal! We are able to help a lot of people! Being on the front line, accepting the tokens, we have a lot of people coming up and saying 'wow this is the first time we were able to buy something healthy.' That's really something to hear."

Healthy Food

Healthy Farms

Everybody Eats

As a small organization, we are very much at the mercy of economic instability, state and federal budget wrangling, and just plain difficult times.

Your commitment helps us plan ahead, and ensures that we will have the means to continue to run our programs that help make our community a great place to find fresh, local food, regardless of income.

GardenShare Sustainers are a valuable part of our organization; providing support, as well as sharing valuable knowledge to enhance our programs.

GardenShare Programs
